What you need to know about your class:

Puppy Manners: this class is designed to give you and your puppy a great start in the world by working on confidence-building, manners and socialization. At the start of the session puppies should be between the ages of 8 weeks and 6 months for most breeds. Exceptions may be made for older puppies smaller than 15 pounds or tiny adult dogs. There will be a \$5 materials fee to be paid to the instructor at the first class. Collars should be leather or nylon – NO metal collars. (Please call the instructor if you have question about this)

Manners & Obedience: this class is designed to get your dog started with obedience training using positive reinforcement, clicker, games and tricks. Dogs/ puppies should be at least 5 months of age. There will be a \$5 supply fee to be paid to the instructor at the first class for clicker, touch-stick, bait bag and information folder.

Beginning Obedience: this class is designed to teach your dog the basic obedience skills of sit, down, come, wait/stay, walking on a loose leash. Other skills that are worked on are sitting for petting, not jumping up, and the use of distractions. You can work toward preparing to take the AKC canine good citizen test. Dogs/puppies should be at least 5 months of age.

Intermediate Obedience: this class is designed to polish our dog's basic obedience skills to a higher level. You can work toward preparing for the Canine Good Citizen test and /or Novice Obedience competition. We work on adding duration and distance to your stays, distance and speed to your recalls, playing games and increasing the various distractions. Dogs should have completed the Beginning Obedience class or have made prior arrangements with the instructor.

Rally: this class is designed to give you and your dog a fun way to practice / polish basic obedience skills, while heeling through a course with various AKC rally stations. Dogs should have completed a beginning obedience class.

Dancing with our dogs is a relatively new sport that combines the precision of obedience with the fun and entertainment value of tricks, forming the visually exciting display of a dog and handler moving together to music. Amaze your friends at parties! Make your therapy dog's visits more entertaining! Add enthusiasm to your obedience dog's performances! Whether you just want to entertain your family or want to dance competitively for titles, this class will introduce you and your dog to fun and relationship-building activity.

Competition Workshop: this workshop consists of ring work in Novice, Open and Utility with experienced instructors. Help is provided with training problems, ring procedure education and handling. Non-confrontational positive reinforcement methods are stressed. We begin at 9:00AM with Utility dogs, followed by Open and Novice. We break for Group exercises around 10:00 AM.
